

Whole world's war industry prepared during many months.

"Near the front" and further southward as far as the French front, the fighting was repeated many times under the heaviest conditions.

Disputations from the front yesterday's date describe the activity due to the unusual violence, even for this sector. The British had a remarkable volume of shells against the German line.

The weather on the whole western front is now clear, favoring the work of the aviators. There have been an unusual number of aerial engagements as a consequence, with a corresponding increase in casualties.

FRENCH CAPTURE TOWN OF FREGICOURT AND 800 PRISONERS

PARIS, Sept. 26.—Continuing their offensive north of the Somme, the French last night captured the town of Fregicourt and penetrated the Cambes cemetery.

A French reconnoitering party

reached the southern border of Cambes, says today's official announcement. Eight hundred unarmored prisoners were taken in the fighting of yesterday on the Cambes front.

The capture of Fregicourt was accomplished with scarcely any loss in the great battle that began yesterday when British and French advanced simultaneously on a twelve-mile front. French detachments had reached the outskirts of Fregicourt while other forces were occupying Hamcourt and driving the Germans from positions further south. A storming attack last night swept the Germans out of Fregicourt. In the fighting southwest of Cambes a German company was captured.

AUSTRIAN EMPEROR WRITES TO WILSON

Replies to identical Note to Various Rulers Asking Permission to Relieve Poland.

WASHINGTON, Sept. 26.—The reply of Emperor Francis Joseph of Austria-Hungary to the identical personal note sent by President Wilson to heads of belligerent nations appealing for concessions to permit shipment of relief supplies to Poland was received today at the State Department. It was forwarded to the President at shadowy lawn without being opened.

All of the rulers addressed have replied except the Emperor of Russia. In none of the letters State Department officials understand is there any proposal likely to make possible immediate Polish relief operations.

SIX SWEEPED TO DEATH IN FIERCE LAKE STORM

Survivors Tell of Miraculous Escape as the S.S. Roberval Sank Six Miles off Oswego.

OSWEGO, N. Y., Sept. 26.—The steamer Roberval went down in a storm that raged yesterday and last night and six of her crew of nine were drowned in Lake Ontario when six miles off this port. The Roberval, bound from Ottawa to Oswego, was laden with lumber.

In the midst of the storm the steamer careened badly and her crew were washed overboard.

The three survivors, exhausted after an eight-hour fight with wind and waves, arrived here at 2 o'clock this morning.

When a particularly heavy sea struck the Roberval the deck cargo shifted. As the men were swept into the waves one struck by a plank and sank instantly.

Engineer Trotter was thrown into the lifeboat and he hauled two of the crew, Osegen and Lago, from the lake. A wave then dashed the life boat away from the wreck.

ROUMANIAN TAKE VULKAN PASSES, BERLIN ADMITS

Big Loss in the Transylvanian Alps Reported by the War Office.

BERLIN (via wireless to Sayville, L. I.), Sept. 26.—Roumanian troops have captured heights on both sides of the Nearduk and Vulkan passes, in the Transylvanian Alps. It was officially admitted this afternoon. The Roumanians are on the offensive near Hermannstadt.

Roumanian troops yesterday made six successive attacks in strong force against the Austro-German positions near Manajov, in Galicia, says today's German official statement, but the attacks failed under the heaviest losses for the Roumanians.

The text of the German official statement says:

"Prince Leopold's Front.—A storm of strong hostile forces repeated six times near Manajov failed completely and under the heaviest losses. A Russian gigantic aeroplane, after a hard combat, was brought down by one of the flyers near Borguny. In the same district a Russian monoplane was shot down in an aerial fight.

"Archduke Charles's Front.—In the Ludowa sector there were fresh violent enemy attacks. Further south separate attacks were repulsed.

"In the district of Hermannstadt our troops are engaged in a progressing attack. Roumanian forces have occupied the heights on both sides of the passes of Nearduk and Vulkan. Our troops repulsed all attacks against the passes but were taken back this night on order.

"Army group of Field Marshal von Mackensen.—On this front there were no incidents of importance. An airship and aeroplanes again attacked Bucharest.

"On Sept. 24 there were several engagements which were favorable for Bulgarian troops east of Prebela Lake. On both sides of Florida there were lively artillery duels."

A German airship, accompanied by flyers, has attacked Bucharest, capital of Roumania, for the third time, it was officially announced today.

PETROGRAD, Sept. 26. (Via London).—German troops, after a fierce artillery preparation, yesterday launched an attack against the Russian trenches north of Lake Kaldychev, says the Russian official statement issued today. The Germans were repulsed with great losses, the statement adds, leaving a large number of killed and wounded on the field. The text says:

"An enemy aeroplane of the Ilya Mourmentz type appeared over the Hiltzenberg station and threw down seventeen seventy-two pound bombs without causing any damage.

"In the region south of Dvinsk one of the enemy aeroplanes fell upon by our artillery turned over and was compelled to land. The machine became enveloped in black smoke as it descended toward the enemy's line.

"In the region north of Lake Kaldychev, after fierce artillery preparation, the enemy launched an assault with a force of about two battalions. The enemy was repulsed with great losses by our energetic fire and left between our lines and his trenches a large number of killed and wounded."

BUCHAREST, Sept. 26.—Teutonic forces in Dobrudja retreated on the left wing in Sunday's fighting, after several heavy engagements, the War Office reported today.

The German and Bulgarian forces have been very great. One Roumanian division picked up 5,000 rifles abandoned by the enemy.

In Transylvania, the Roumanians have made a further advance in the Carpathian Mountains.

FLOOD IN STEINWAY TUBE; THOUSANDS IN RUSH HOUR TIE-UP

Geyser Hurlled Into New York End of Tunnel as 20-Inch Main Bursts.

Thousands of men and women on their way from Long Island City to work in New York were delayed this morning by a flood of Geyser water in the Steinway tube. It poured into the west end of the tunnel, under the site of the old Grand Union Hotel, and for an hour and a half set everything adrift at the New York end of the line. No one was hurt.

While the new station below the surface at Forty-second street and Lexington avenue is being completed, all water pipes are carried on iron hangers. The vibrations caused by heavy street traffic, carried down through the metal supports, caused the lead caking in an elbow of a twenty-inch water pipe to loosen.

The jar of a train pulling in from Long Island City thrilled the structure. Pressure of the water blew the caking out with a bang.

Instantly the twenty-inch stream dashed out over the platform of the upper level, where passengers walk from the Steinway line to the old subway. As the crowd from the Long Island City train got into the elevator, fifty feet below the broken pipe, they were splashed by spray from the cascade that plunged down the platform, only fifteen feet from the car door. The roof of the elevator protected most of them from damage, but the clothes of many were so wet they had to go home and change.

The dispatcher at the New York end of the line sent word to stop all trains from Long Island City, and before the flood could reach the third rail, the last load of commuters had been safely brought up to the street.

Police halted all surface traffic, so that no vehicle could fall through in case the flood should weaken the decking at street level.

Supt. Meade of the Water Department with a crew worked an hour and a half before they could shut off the stream from a gate in Forty-second Street. Meanwhile, the Belmont and other hotels and restaurants in the district were without water supply.

Nearly two feet of water ran down into the Steinway tube. It was so full of muck and debris from the Lexington Avenue platform that the work of pumping it out was hard. Experts said traffic would be resumed this afternoon.

RAILROAD STOCKS LEAD IN AN ACTIVE MARKET

Union Pacific Crosses 150 Mark for First Time in Years—Day's Sales 1,564,500 Shares.

In another million share session on the Stock Exchange today there was strength without any sensational upsets in prices. United States Steel struggled all day to hold its ground, and finally closed at 115, the same price as on the previous day. The copper stocks, too, were not selling so high, and after heavy trading, with fluctuations up and down, they finally closed a little below their previous level. None of the industrials succeeded in making new high records, but on the other hand the bears were unable to beat them down.

In the late afternoon the brokers seemed to tire of efforts to move former favorites, and took up the railroad, pushing some of the standard lines up several points. Union Pacific crossed the 150 mark for the first time in several years.

New York Central went to 109 1/2 and Erie got above 45. Oil stocks, although guishers, notably Texas Oil, which jumped up eight points to 228, but settled back to 224.

Sales for the day were 1,564,500. The market closed steady.
